DVE-1Rabbit pAb

Catalog No.: A20752

Basic Information

Observed MW
Refer to figures

Calculated MW

Category
Primary antibody

Applications
WB,ELISA

Cross-Reactivity
Caenorhabditis elegans

Background

Enables chaperone binding activity and enzyme binding activity. Involved in embryo development; mitochondrial unfolded protein response; and regulation of innate immune response. Located in chromatin; cytosol; and nucleus. Part of transcription regulator complex. Is expressed in several structures, including arcade cell; intestine; midbody; nervous system; and rectum. Human ortholog(s) of this gene implicated in SATB2-associated syndrome. Orthologous to several human genes including SATB2 (SATB homeobox 2).

Recommended Dilutions

WB	1:500 - 1:2000
ELISA	Recommended starting concentration is 1 μg/mL. Please optimize the concentration based on your specific assay requirements.

Immunogen Information

Gene ID
180398

Swiss Prot

Immunogen
Recombinant protein (or fragment).This information is considered to be commercially sensitive.

Product Information

Source
Rabbit

Isotype
IgG

Purification
Affinity purification

Storage
Store at -20℃. Avoid freeze / thaw cycles.
Buffer: PBS with 0.01% thimerosal,50% glycerol,pH7.3.
