Recombinant Mouse IL-22 Protein

ABclonal www.abclonal.com

Catalog No.: RP01617 Recombinant

Sequence Information

Species Gene ID Swiss Prot Mouse 50929 Q9||Y9

Tags

C-hFC

Synonyms

Interleukin-22; IL-22; Cytokine Zcyto18; IL-TIF; IL-D110; TIFa; TIFIL-23; ZCYTO18;IL22

Product Information

Source Purification HEK293 cells > 95% by SDS-PAGE.

Γ/

Endotoxin <0.1EU/µg

Formulation

Lyophilized from a 0.22 µm filtered solution of PBS, pH 7.4.

Reconstitution

Centrifuge the vial before opening. Reconstitute to a concentration of 0.1-0.5 mg/mL in sterile distilled water. Avoid votex or vigorously pipetting the protein. For long term storage, it is recommended to add a carrier protein or stablizer (e.g. 0.1% BSA, 5% HSA, 10% FBS or 5% Trehalose), and aliquot the reconstituted protein solution to minimize free-thaw cycles.

Background

The cytokine interleukin-22 (IL-22) is a critical regulator of epithelial homeostasis. It has been implicated in multiple aspects of epithelial barrier function, including regulation of epithelial cell growth and permeability, production of mucus and antimicrobial proteins (AMPs), and complement production.

Basic Information

Description

Recombinant Mouse IL-22 Protein is produced by HEK293 cells expression system. The target protein is expressed with sequence (Leu34-Val179) of mouse IL-22 (Accession #NP 058667.1) fused with and a hFc tag at the C-terminus.

Bio-Activity

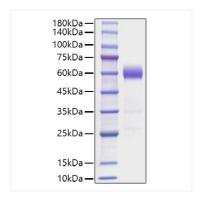

Measured by its ability to induce IL-10 secretion in COLO 205 human colorectal adenocarcinoma cells. The $\rm ED_{50}$ for this effect is 150-600 ng/mL.

Storage

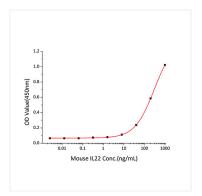

Store the lyophilized protein at -20°C to -80°C for 12 months. After reconstitution, the protein solution is stable at -20°C for 3 months, at 2-8°C for up to 1 week.

Avoid repeated freeze/thaw cycles.

Validation Data

Recombinant Mouse IL-22 Protein was determined by SDS-PAGE with Coomassie Blue, showing a band at 60-68 kDa.

Recombinant Mouse IL-22 induce IL-10 secretion in COLO 205 human colorectal adenocarcinoma cells. The ED_{50} for this effect is 150-600 ng/mL.
